

## IFAD Implementation Support Mission in the field to observe the project activities

The IFAD Implementation Support Mission (ISM) visited the Provat3-LGED project's activities in four Upazilas (Jamalpur Sadar, Bokshigonj, Melandah and Dewangonj) of Jamalpur district from 4 June to 6 June 2023.

During their visit, the mission team inspected several project activities, such as road construction, market

development, flood shelters, early flood warning and activities. They also visited vocational skill-building training programs and the LCS members' IGA training. Besides, they had meetings with self-employed vocational trainees, and GALS trained LCS members

with their spouses.

At the end of the visit a wrap-up meeting of the ISM Mission was held chaired by the Chief Engineer of LGED, Sk. Md. Mohsin. The mission appreciated the project performance and extended a few recommendations to consolidate the project activities towards the project goal.
